

Easy Open Gate Latch Assembly

The Easy Open Gate Latch will be assembled in the package but occasionally customers will have an issue during installation

Mounting Bracket

Spring/Guide

Mounting bracket/
Spring Assembly

Handle

1. Attach spring/slide to mounting bracket
Plastic tabs on back of spring/guide go into two rectangular holes on bracket

2. Position handle and bracket assembly as shown. Insert handle into plastic guide - see next step

Mounting bracket/
Spring Assembly

Make sure edge of metal tab is to the left of the spring

3. Handle fits between top and bottom plastic guides

Cover Plate

4. Attach cover plate to assembly. Four rectangular holes snap on to tabs on plastic guide/spring
